Mens and Co-Ed national teams Trials

Trials for the Irish national slow pitch teams were held recently in Castleknock College. Weather was good and turn-out was excellent. 18 players attended the first trial and 23 togged out for the second trial. It was great to see some new faces putting themselves up for the challenge. Trials began with some warm up exercises with S&C coach Karen Brady, with players warming up their arms, and fielding groundballs. Coaches took into account players' techniques, fielding and batting techniques, and we hope to announce the squads within the next few weeks. Thanks to all who attended, to Castleknock College and Colum Lavery who attended both trials.

Batting Clinic

The intro to hitting skills clinic is batting for beginners, (or those just getting to grips for better technique). It will teach the participants how to hit the ball with power and precision, in a fun, friendly, positive coaching afternoon. The course is structured by Melanie Lavery, Ireland Fast Pitch coach and executed by a star studded line up of coaches, Steve and Tam Lyons from the Suspects, Brian Connolly and Ken McCarthy, with years of playing both domestically and internationally.

All the attendees should all take away better hitting techniques, an ability to work with batting tees and learn new skills which will inspire the players to hit with confidence every time they approach the plate. The how, why and when to hit, making the right decision at the right time are all part of the afternoon's skill coaching..

The course is taking place at the mariners baseball ground in Shanganagh park. We look forward to seeing you there.

Pitching Clinic

Following on from last year's inaugural pitching clinic, we are delighted to run another clinic this year on Saturday 2nd April 2022 in Castleknock College.

The clinic is aimed at new and existing pitchers, the goal of which is to increase the number of pitchers across the league, and further develop the skills introduced in last year's event.

Our thanks to Jonathan Spielberg, Ken McCarthy, Simon Lewis, Paul Peake, Paul McGrath and Austin Purtin for giving up their time to ensure the success of the event.

Once completed, SL will review the clinics and assess whether a development program can be put together to progress standards in our pitchers right across the leagues. If you've missed it, get in touch with Alan Rafferty to check for availability.

Final HitTrax League Table

TEAM	PLAYED	W	D	L	POINTS
DYNAMOES	12	9	1	2	28
BATPAK	12	8	2	2	26
ASHBOURNE ANTLES	12	1	6	5	9
HYPNOTISTS	12	0	4	8	4

3 points for a win, 1 for a draw and 0 for a loss

Congratulations to Dynamoes on winning the inaugural HitTrax League. Batpak were table toppers going into the last week with Dynamoes needing to win their last two games to take the title. They took the first game over the Hypnotists 6-2 but had to go to extra innings to win the last game 4-3 with a single from Adam McCarthy to drive in Ken for the winning run. Thanks to all 4 teams that participated in this league, and contributed to a hugely enjoyable experience for all. Looking forward to the next one already!!

Umpires Corner

Whats the Rule :

Managing the Game.

So, in a regular game, what is it your umpire does exactly?

- Have full charge of, and be responsible for, the proper conduct of the game.
- Calls:
- Plays
- Fair/foul hit balls
- Balls, strikes, illegal pitches
- Caught balls
- In-field fly
- Files all the paperwork and scores.
- Records important information in the game.
- Makes sure everyone enjoys the game!!

Umpire Judgment Calls.

Umpires make judgment calls right through every game. These are made in good faith during the course of play and cannot be appealed by teams. Examples are:

- A batted ball was fair or foul
- A runner safe or out
- A ball or strike
- Or any play involving accuracy of judgement

if there's a rule you'd like us to explain send us an email at roundthebases@softballleinster.ie

Meet the Umpire

Name: Derek Harnett

How Long have you been Umpiring ? 12 or 13 years, about half as long as I've been playing (yikes, that's be about 25 years then!).

What do you like best about umpiring? Not

only do I get to be involved in so many more games per season, some of those games will be real zingers and it's great to have a central role in those.

What's the most challenging thing about Umpiring? There's a great quote that "You're expected to be perfect from day one, and only get better from there!". A huge challenge for me is staying calm when things get confrontational, if I'm being shouted at I very quickly want to shout back and that never helps the situation.

What's your favorite rule? What's really interesting reading the rulebook is the number of obscure rules that you think well that would never happen, and yet if you do a season or two of umpiring you'll see a lot of them crop up at some stage. I haven't yet got to apply the detached equipment rule, where someone throws a glove at a ball passing over them and they actually make contact. One of these days ...

What advice would you give to new umpires? It takes work and is different from playing or spectating (where of course everyone has the best view!). You have new skills that will take practice. Not only have you to read the rules and be ready to apply them instantly during plays, you also have to work on the mechanics designed to give you a consistent/accurate strike zone and positioning on the field for the best place to see a play and make a call.

I've been playing softball for: 2 Months

Favourite Position (Softball position): Fielding

Softball Achievements: None Yet

Favourite Music: Rock

Favourite Food: Pasta

Why I love softball: I love ball sports and wanted to try a new sport. I liked the fact that both Male & Female members can participate and play together. I like my team mates, all very easy going. So the top reason is that it's FUN!

If I won the lotto: I would tell no one!

Best advice you ever got: "It's not what you say but the way you say it!"

I've been playing softball for: 10ish years, on and off

Favourite Position (Softball position): Outfield

Softball Achievements: Met great friends and had loads of fun. Also a few titles with my grad school social team in Chicago

Favourite Music: I play Irish Traditional Music, so that's a huge part of my life. Also love classic rock, jazz and blues.

Favourite Food: Mexican (Tacos and horchata)
Why I love softball: For me, the people are the best thing about softball. The game strikes a perfect balance between social and competitive. And I love being outside in the sun (when we get it!)

If I won the lotto: Buy a house, and split each year between Ireland and New Zealand

Best advice you ever got: Relax the hands. Life: Don't overthink it (still working on that one!)

I've been playing softball for: Since the 1980's, but resumed playing in 2020 after a 12 year break.

Favourite Position (Softball position): Wherever the coach puts me, but if I had to pick one it's 1st base.

Softball Achievements: Having at least one injury in each of the past two seasons (I need to keep reminding myself that I am not as young and quick as I used to be!)

Favourite Music: Sarah McLachlan, Billy Joel and the 80's.

Favourite Food: Sushi, lobster and a medium rare fillet steak.

Why I love softball: To encourage my boys to play baseball, the social aspect and to meet new people.

If I won the lotto: Bake care of my family, move back to Bermuda for the summer months, and build a proper volleyball facility in Ireland.

Best advice you ever got: Whatever you do always have fun.
